

Installing the Touch Portal Starter Page

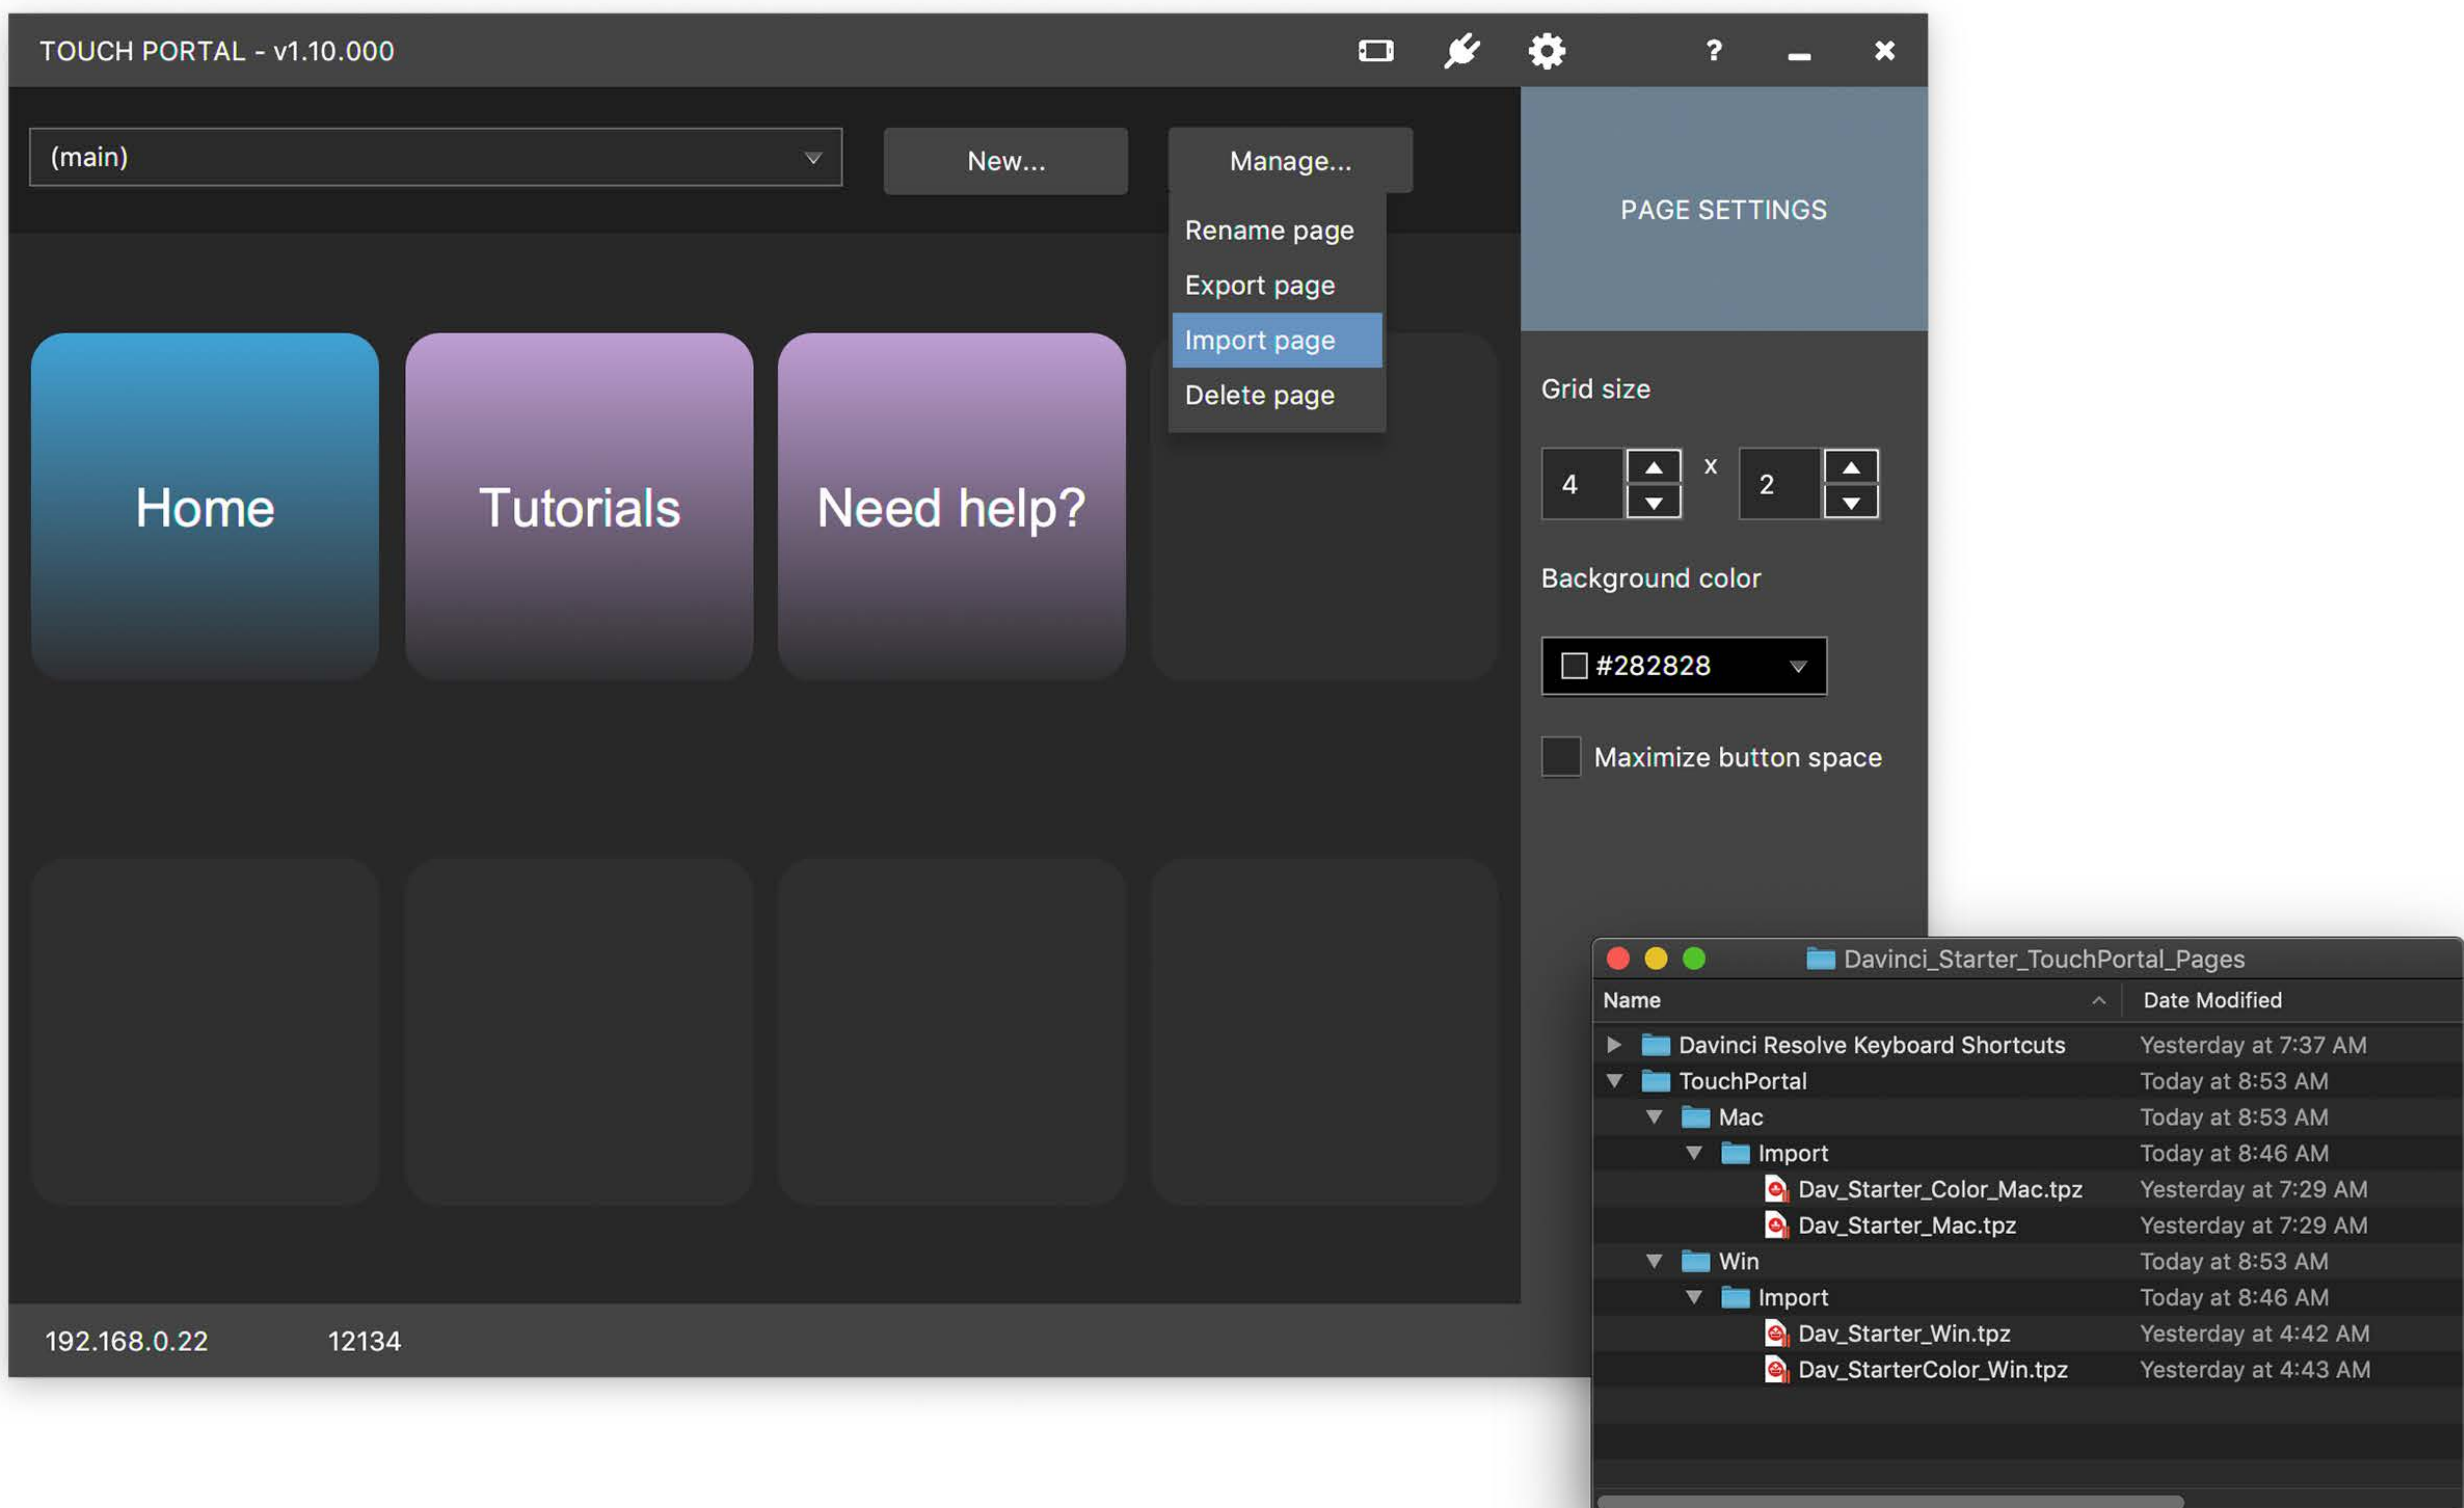

First, in order for the key commands in this starter profile to work, you will need to install the supplied custom keyboard layout. Open Davinci Resolve and access the Keyboard Customization menu. From the Keyboard Layout Preset dropdown menu, select “DaVinci Resolve SideshowFX.txt”.

Installing the Touch Portal Starter Page

If you haven't already, go to www.touchportal.com and download the desktop app. You will also need to download the Touch Portal app from the Play Store or App Store on your device.

Open Touch Portal on your desktop, select Manage/Import Page. Navigate to the Starter page and import the Dav_Starter_Mac.tpz or Dav_Starter_Win.tpz file for monochrome version of the page or Dav_Starter_Color_Mac.tpz or Dav_Starter_Color_Win.tpz for a color version.

Installing the Touch Portal Starter Page

You're all set! If you want to expand your icon library, visit SideshowFX by clicking the lower right button.
